Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects *in any condition of the system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MR. BRYAN'S RECEPTION.

The executive committee, which is in charge of arrangements for a reception to be given to Mr. William J. Bryan at Madison Square Garden, New York, on August 30, made public yesterday a portion of a letter written by Mr. Bryan to Alexander Troup, of New Haven, Ct., the treasurer of the committee, concerning the method of securing funds for the reception. Mr. Bryan wrote, in part, as follows:

"There will be some expense, and the committee must see to it that no money is accepted from questionable sources; in fact, I think it would be well to announce that the expense would be borne by popular subscription, dollar subscriptions being preferable, but that large subscriptions would be received up to $50, none being received over that. Also announce that subscriptions of $5, or more than $5, would be entered in a book and the names given to anyone desiring them. Subscriptions of less than $5 would not be made known without the expressed consent of the subscriber.

"Say that the reception will be made as inexpensive as possible, and that any surplus over and above the expenses of the reception will be used to print and circulate the speeches delivered at the reception.

"I think the publication of the subscriptions is an important thing. The republicans have failed to pass any effective law in regard to campaign contributions, and this will be a good rebuke to them, and will foreshadow the adoption of such a policy by our next campaign committee."

"You can say, if you like that I asked to have this plan adopted."

The executive committee held its first meeting yesterday.

Alexander Troup was elected treasurer to succeed Nathan Strauss, who was unable to serve.

Mr. Bryan's suggestion as to the method of securing funds for the reception was approved and a subcommittee on finance appointed.

It was announced that the railroads have agreed to give a half-fare rate, plus $2, for round trip tickets to New York from all over the country.

Mr. Bryan is scheduled to arrive in port on August 29, but he will go aboard a yacht, and will not land until August 30 at 4 p. m., when he will be driven up Broadway to Central Park and back to the Victoria Hotel. A series of receptions are to follow the one at Madison Square Garden. Mr. Bryan's first out-of-town trip will be to New Haven, and, it is said, he will speak from the identical spot where he was interrupted by Yale students on one occasion.

MRS. HARTJE ATTACKED.

Mrs. Mary Scott Hartje was attacked yesterday afternoon as she left the courthouse in Pittsburg, after the adjournment of the court by a drunken or insane man, who made his escape in the crowd when she broke away from him and ran to the office of her attorney, John Freeman. She was not injured, but was terribly frightened, and was on the verge of a nervous collapse when she reached the attorney's office.

Mrs. Hartje left the courtroom in company with her constant friend and companion, Mrs. Alexander W. Slocum, a neighbor, who has seldom left her side since her trouble began. Outside the courthouse there was a crowd of probably a thousand curious people, most of them gathered just to get a look at the woman who has been followed closely by a Perkins detective on the way to and from the courthouse.

This guard was objectionable to her and she asked that it be discontinued. The crowd that has gathered has always been respectful, and no danger was anticipated. So yesterday, at Mrs. Hartje's urgent request, the detective did not follow her.

Just as she reached the corner of the courthouse a big fellow, who looked like an ironworker, reached out from the crowd, and, catching Mrs. Hartje by the arm, dragged her across the pavement, at the same time calling out loudly, "Come with me, Mary."

With a piercing scream of terror, Mrs. Hartje broke away from her assailant and started to run down the street to her attorney's office, a block away. The crowd was so paralyzed at the sudden and unexpected attack that not a hand was raised to intercept the man as he dodged through and got away.

Mrs. Slocum called for a policeman, and, when one came running up, she pointed out the wrong man. The man was promptly arrested and taken to Mr. Freeman's office, where Mrs. Hartje had him set at liberty at once by declaring he was not the man. During the walk to the attorney's office the crowd gathered about the officer and his prisoner and wanted to beat the man. As soon as released, the man, who was terribly frightened, disappeared.

Who the person was who attacked Mrs. Hartje, and whether he was drunk or crazy no person knows, but the Perkins guard will accompany her hereafter.

Extra Choice Head CAROLINA RICE Just received by J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, JULY 27, 1906.

DOCTOR WILLIAM J. PATTERSON, of Denver, Col., who was an expert in criminology and a university graduate, has been arrested for issuing a bogus $20 check and is now in the city jail, a physical and mental wreck. Doctor Patterson says that his only excuse is that his long study of crime developed the criminal instinct within himself. "I'm a living example," he says, "of a man with criminal instincts highly developed. I could not be straight if I wanted to and would defraud people at times when I did not need the money and had no possible reason for taking it. Nearly all men who are convicted of crimes are criminals by nature, and their nature will come out in any environment, whereas if a man is naturally right his environment is not going to make any difference." Doctor Patterson had previously been committed for forgery. He has wealthy parents and a wife and two children. It is fortunate that there are places for people with criminal instincts, and the jail is exactly were Dr. Patterson should be.

THE PENALTY of greatness as well as the penalty of riches is becoming more apparent all the time. Potentates live in hourly dread of poison, the assassin's dagger, pistol or dynamite, while the movements of the opulent are subjected to the closest surveilance while they live and in some cases such unfortunates are followed up after they are dead. The remains of the late A. T. Stewart, the New York dry goods king, were removed from a vault almost as soon as they were deposited therein, and it was deemed necessary to place the body of Russell Sage in a twenty-two thousand dollar steel burglar-proof coffin in order to prevent it from being disturbed. J. D Rockefeller, J. Pierpont Morgan and others whose wealth has given them notoriety are kept incessantly dodging newspaper men, kodak fiends and cranks. They are compelled to leave steamships before they reach their docks and trains ere they pull into stations.

MOST of the melodramatic features that formerly characterized the opening for settlement of western public lands have been done away with. There will be no "sooners" and no mad rush to locate homesteads when the million acres of the Crow reservation, in Montana, are declared to be ready for settlers this month. The choice of land will have been determined by lot beforehand, and the eastern schoolma'am will have had an equal chance with the western cow puncher. Land office officials say that a large proportion of those who have registered at Billings for the drawing are young farmers from Iowa, Kansas, Nebraska, Missouri and Illinois—men who have been farmhands in the older States and are ambitious to own land in the new country. The outlook is good for a real agricultural development of the Crow territory, for these men know their business and are not likely to be mere townsite boomers.

"SONS OF RUSSIA, rejoice in your victory!" exclaims the Moscow Vieche, organ of the Black Hundred or the tough element of the Czar's subjects "But remember that the Jewish hydra has a hundred heads, and that many heads yet remain to be cut off." Such language as the above proves conclusively that in certain parts of the world racial hatred is as rank as it was in the days of the Pharaohs. The Jewish hydra truly has a hundred heads, and the Black Hundred would do well to acquaint themselves with history before they attempt the wholesale decapitation of the race. It has survived persecutions in all ages of the world, and has prospered notwithstanding the prejudices of its enemies. There is every reason to believe this people will continue to do so long after the Black Hundred has played its part in history and passed away.

PUBLISHERS generally will be interested in the proposed congressional investigation of the second class mail privilege. Without question the government has been imposed upon for years by a certain class of publishers, who have shipped tons of stuff that never was intended to be carried at second class rates. No publisher of a legitimate newspaper has reason to oppose a full investigation of this subject. Reasonable and just changes should benefit the regular newspaper business.

A WRITER in "The London Outlook" suggests that in view of the enormous increase in the output of gold in recent years it may yet become necessary to demonetize that metal. The New York Tribune adds: "The possible spectacle thus called up of Mr. Bryan crucified upon a cross of silver is too painful to contemplate."

THE Supreme Court of Pennsylvania recently held, in the case of Cook vs. Carpenter, that the statute of limitations does not begin to run against an unpaid subscription until demand is made for payment, where, by the terms of the contract, it is not payable till called for. This will be of interest to many newspaper publishers.

THE meat consumer catches it going and coming. He has to pay for the meat inspection, thanks to a republican Congress, and has to pay the beef trust what it sees fit to charge to make up for loss of business by the packers in consequence of the meat investigation.

From Washington.

(Correspondence of the Alexandria Gazette.)

The regulations under the new law governing the inspection of meat for interstate and foreign trade were issued today by Secretary Wilson. They provide that the scope of the inspection shall cover all slaughtering, packing, meat canning, salting, rendering or similar establishments whose meats or meat products, in whole or in part, enter into interstate or foreign commerce, unless exempted from inspection by the Secretary of Agriculture. The sanitation regulations require the establishments in which animals are slaughtered, or meats and meat food products are prepared, cured, packed, stored or handled to be suitably lighted and ventilated and to be maintained in a sanitary condition. All work in such establishments must be performed in a cleanly and sanitary manner. Managers of establishments will not be permitted to employ any person affected with tuberculosis in any of the departments where carcasses are dressed, meats handled or meat food products prepared. The provision relating to dyes, chemicals and perservatives is stringent. Special provision is made for the destruction for food purposes of all carcasses and parts of car casses and meat food products which, under inspection, prove to be unclean, unsound or otherwise unfit for human food. Running through the regulations is a carefully prepared scheme which will effectually prevent the entrance into sausage, curing, canning and other chopped meat establishments of any carcasses which were not inspected and passed by federal inspectors at the time of slaughter.

Action was begun this morning in the local police court by the government of the United States against alleged violators of the federal eight-hour law. Informations were filed charging the District Construction Company with working its men on the new Connecticut Avenue million-and-a half dollar bridge longer than the permitted eight hours, and the Pennsylvania Construction Company, which is building the Piney Branch bridge, with the same offense. Summonses were issued for workmen of both concerns who have testified before the District Attorney that they had worked more than ten hours a day on these structures. The informations were filed by Assistant District Attorney Easby Smith. These prosecutions are the first to be brought by the government. If successfully conducted, they will be followed by similar proceedings in various cities of the country, where government contractors are reported to have ignored the law. The penalty is $1,000 fine for each conviction.

The bureau of insular affairs of the War Department announces that the $1,500,000 Phillipine temporary certificates of indebtedness maturing September 1st will be retired by the issue of $1,000,000 four per cent. certifiates running for one year and the payment of the remainder in cash. The new issue of certificates are exempt from all taxation.

The Secretary of the Treasury authorizes the statement that they will be accepted at par as security for public deposits should further deposits be made. Bids will be received at the bureau of insular affairs until 2 p. m., August 28, 1906. It is expected that the issue announced will sell above par.

The land office today received a telegram from Fargo, N. D., announcing that the Huidekeper brothers, owners of the Little Missouri Horse Co., and W. A. Clark, their manager, had pleaded guilty to the illegal fencing in of 50,000 acres of goverment lands. The case has been fought in the courts for five years, and the outcome is particularly gratifying to the government. Sentence will be pronounced later in the day, according to the telegram.

A brief and argument in support of the application for rehearing the case of Joseph Ralph Burton, late Senator from Kansas, under prison sentence for alleged abuse of his senatorial prerogatives, has been filed in the office of the clerk of the Supreme Court of the United States by Mr. Burton's attorneys. The argument is directed in the main to two points—that the court erred in not holding as unconstitutional Section 1782 under which Mr. Burton was convicted and that the defendant was improperly tried on the charge of receiving and agreeing to receive compensation for services rendered the Rialto Company in connection with a fraud order pending in the Postoffice Department.

The Interstate Commerce Commission today issued its first general order to the railroads of the country growing out of the recent enactment of the Hepburn railroad rate law. In a circular letter Chairman Knapp calls attention to section 6 of the act which provides that all railroad schedules shall be kept open to public inspection and which authorizes the commission to determine and prescribe the form in which these schedules shall be prepared and arranged.

A cablegram was received by the State Department this morning from United States Minister Merry, who is now at Acajutla, stating that the disarmament of the Guatemalan and Salvadorean troops would be completed by tomorrow. The U. S. gunboat Marblehead has been ordered to leave the scene of the recent Central American war and return to Panama.

The State Department was informed today by cable from the United States Legation in Havana that an unconditional pardon was granted yesterday by the Cuban government to Miss Millie Brown and her two associates who were arrested in the Isle of Pines for violating the telegraph laws. This pardon was granted at the request of the United States government.

Three-cent Car Fare.

Cleveland, O., July 27.—Mayor Johnson has fixed October 15 as the date on which the municipal traction company will operate the first three cent fare car over the Fulton Road line to the public square, despite the present injunction to the contrary. The mayor made his prediction in a general discussion of street railway matters.

News of the Day.

A commission has been constituted to select and divide the lands of the Osage Indians in Oklahoma.

Mr. J. Pierpont Morgan, after spending several months abroad, returned to New York yesterday afternoon.

Samuel Byerley, the express clerk who received the award for $5,819,580 of the Panama canal bonds, sold his holdings at a good profit.

At Kingston, in Williamson county, Tennessee, a negress on Wednesday gave birth to six children. The children are well formed and all were alive at last accounts.

Counsel in the Thaw case yesterday practically abandoned the idea of a commission to inquire into the sanity of the slayer of Stanford White, and it was announced that the case would go to trial.

Marshall Field's Estate.

The three-cornered controversy between the Board of Review, the executors of the Marshall Field estate and the Chicago corporation counsel's office came to an end Wednesday, when the taxing body decided that the Field estate should be taxed a total of $180,000,000 this year, including back taxes. The decision means that the executors of the estate will be compelled to pay the country $800,000, which is more than the total amount of property on which Mr. Field was taxed during the last year of his life. The greater part of this sum is to come from the collection of back taxes, on which Mr. Field is held by the board to have escaped payment. The members of the board estimated the back taxes without any authentic figures to guide them. The President of the board, F W. Upham, held that the board should fix the amount of property upon which taxes had not been collected since 1899 at an average of $15,000,000 a year, amounting to $105,000,000 for the seven years. To this sum will be added 10 per cent. fixed by the law, to be collected in all cases of this kind. This interest amounts to $432,900 The personal property upon which the estate shall be compelled to pay taxes for this year was placed at $25,000,000.

Storm in St Louis.

A terrific wind and rain storm struck St. Louis and vicinity yesterday afternoon. Lightning started seven fires in different parts of the city. A negro, name unknown, was blown from his wagon under a passing fire engine and was killed. Electric wires were blown down, sheds and a few frame houses were demolished and a number of people were hurt by debris. The excursion steamer Liberty, filled with pleasure seekers, caught in the storm near Alton, Ill., was driven through the Mississippi river at uncontrollable speed, and dashed into a government dike. Rocking and toppling, with the terrified passengers huddling in the cabin, the bow of the boat was forced on the government dike, while the force of the wind hurled chairs into the river and shattered the cabin windows. The boat was firmly on the dike, however, and when the storm had abated sufficiently the government boat Lucia transhipped the passengers and landed them in Alton. Reports from the outskirts of the western portion of the city say that several houses were blown down and numerous persons hurt by debris.

Masonic Corner-Stone.

Yesterday was a gala day for Burke Lodge, No. 147, A., F. and A. M., of Burkeville, Va., being the occasion of the laying of the corner-stone of their magnificent new temple now being erected. Grand Master K. Kemper, of Alexandria, assisted by Grand Secretary Charles A. Nesbit, of Richmond; C. C. Farley, D. D. Grand Master of No. 26, and brethren of Crewe and Farmville lodges, with the lodge of Burkeville laid the corner-stone in due and ancient form and order,

The ladies of the town rendered several patriotic songs, and the event of the day was brought to a happy close with an admirable address, delivered by Hon. William Hodges Mann, that fairly captivated the audience

The building when completed will be an ornament to the town and an honor to the craft. The members of Burke Lodge feel highly honored in having the grand master to conduct the exercises of the occasion.

Robberies in Russia.

A daring robbery was perpetrated yesterday morning on the Vistula railway, in the outskirts of Warsaw. Revolutionists stopped a passenger train by pulling the emergency brake. After assuring the passengers that no harm would be done them the robbers uncoupled the locomotive and car containing several strong boxes filled with the receipts of various stations. The gendarme in charge was killed and the engine driver forced to proceed to a spot where the line passes through a wood. At a given signal 30 armed men appeared, broke open the boxes, abstracted $7,500 and decamped.

Illustrative of conditions in Moscow is the fact that yesterday 10 armed men entered a jeweler's store in Tverskoe street, one of the principal business streets of that city, seized several thousand dollars' worth of gems and escaped. There have been no arrests.

Negroes Bathe With Whites.

Men holding $10,000,000 of Atlantic City beach front property yesterday issued formal notice to all colored help that they must give up bathing in the surf with visitors, and the hint is conveyed that there will be wholesale discharges unless the suggestion is obeyed. Southern visitors are given as responsible for the notice, and it is said they have threatened to cease patronizing the city unless the negro was barred the privilege of the surf in the sections they used: The city has a section for the negroes and the negro lifeguard, but the negroes will not use it,

Whipping-post for Wife Beater.

In sentencing Joseph M. Roberts for wife beating in Norfolk yesterday, Police Justice Simmons said:

"A man is a coward of the worst type when he strikes a woman whom he has promised to love and support. Whisky is merely a shield. Virginia made one mistake when she abolished the whipping-post. It ought to have been kept for you. I hope I will see the time when the whipping-post will be brought in use again for just such people as you. Six months in jail, $50 fine."

Virginia News.

Mr. A. Caperton Braxton gives it as his opinion that the Virginia Corporation Commission has both legislative and judicial powers.

Robert S C. Simpson, of North Fork, son of C. F. Simpson, and Mrs. Manuel, formerly a Miss Teel, daughter of Richard Teel, of the same town, were married in Lersburg Wednesday at the residence of Rev. E. P. Berkley.

Fifty convicts will be sent to Fauquier county by the 15th of August to work on the roads. Their first work will be to build three miles of road from Bealeton in the direction of Morrisville, and three miles from Remington to Kelley's Ford.

Mahalia Chappel, the fifteen-year-old daughter of George Chappel, a farmer, living near the Shenandoah river, in Clarke county, was burned to death in her home Wednesday night. The girl was using kerosene oil to light a fire, when the blaze caused the can to explode.

James W. Larrick, a prominent Frederick county farmer, died Wednesday evening at his home, west of Winchester, after a severe illness of paralysis. He was 72 years old. Six hours after his death his uncle, David W. Larrice, died at his home near-by aged 81 years.

Charles Ferrell, a white married man, twenty-five years old, was placed in jail at Gate City at 2 o'clock yesterday morning charged with assault on Rebecca J. Thomas, a young woman nineteen years old and partially paralyzed. The crime was committed at Duffield, eighteen miles west of Gate City, Sunday afternoon.

Samuel B. Seymour, of Norfolk, has been missing since Wednesday night and the police think that he may have committed suicide. He mailed a brief letter to the Chief of Police Boush, saying. "You will find my body in the water. Took my life to get out of the way of a woman." Seymour had not lived with his wife for some time, and when told of his probable drowning she said: "It is a good thing, and certainly a relief to me."

Swanson Will Honor Bryan.

By his reply in the affirmative yesterday to a flattering letter from the committee which has in charge the entertainment of Hon. William Jennings Bryan in New York, when he arrives in his native land after his sojourn abroad, Governor Swanson is now a member of the reception committee for that great event, being one of the few elected to the high honor by the plan and scope committee at its recent meeting.

The committee of which the governor has become a member has some distinguished members—in fact, all of them are foremost among the nation's sons in political warfare. Governor Folk, of Missouri, is the chairman, and his list of co-workers embraces other brave reformers like himself.

The letter reads as follows:

New York, July 24, 1906.

Hon. C. A. Swanson:

Dear Sir,—I have the honor to inform you that at a meeting of the plan and scope committee to arrange for a reception to the Hon. William Jennings Bryan, you were appointed a member of the committee of reception, of which Governor Folk, of Missouri, is the chairman.

Very truly yours,

(Signed) LEWIS NIXON,
Chairman Plan and Scope Committee.

The Governor at once wrote an acceptance,

Young Woman's Body Found.

The mystery concerning the strange disappearance July 6 of Miss Winsola M. Goodell, the twenty-two-year-old daughter of Postmaster Wesley M Goodell, of Dwight, Mass., was practically cleared up yesterday, when the girl's body was found in twenty-five feet of water in the pond which had been dragged so many times fruitlessly. The body was found near the spot described by Dr. Ezekiel M. Abbey, a spiritualist, of Belcherton. Dr. Abbey, while in a trance on Monday, was asked where the missing girl could be found. He said: "Search the north part of the pond; you will find the body there."

Mr. Goodell believes somewhat in spiritualism, and he had been searching the pond as directed. At 3 o'clock yesterday evening, while rowing with his nephew, Sydney Smith, the pole which he was using came in contact with the body, which was later raised to the surface.

On July 6 William Bailey, a brakeman on one of the trains passing the pond, saw a girl in a boat standing up and waving a handkerchief. It is now believed that the girl was Miss Goodell, and that she overturned the boat, which righted itself and dritted to where it was found.

Must Hold Third Election.

The town Council of Leesburg has passed an ordinance requesting Judge E. S. Turner, of the Circuit Court of Loudoun county, to order another election for the purpose of authorizing a bond issue for waterworks for Leesburg.

This election will be the third held there for the purpose, both of the others having been carried for the bond issue by large majorities. The first election was pronounced illegal by Judge C. E. Nicol for irregularities. After the last election the bonds were sold to the brokerage firm of N. W. Harris & Co., of New York, subject to approval by their counsel. Upon the advice of counsel the brokers refused to accept the bonds because of irregularities in the election authorizing their issuance, holding that the election was not held at the proper time,

Three Men Killed.

Three men were crushed to death last night in the cab of a freight locomotive which overturned on the elevated tracks of the Erie Railroad in Jersey City, a short distance east of the tunnel through the Bergen Hill. The locomotive was leaving Jersey City with a fast westbound freight train of a dozen cars, and had been given a signal that the track through the tunnel was clear, when the ponderous machine flopped over on its side toward the north. All three men were apparently killed instantly. They were, enveloped in clouds of escaping steam, but the fireman's body alone showed signs of having been scalded. His legs were almost parboiled. The railroad officials expressed the opinion that the rails spread, throwing the big locomotive over on its side.

Today's Telegraphic News

Russian Government Appeals to the People.

St. Petersburg, July 27.—The correspondent of the Publishers Press learns from a usually trustworthy source that the principal item in the Czar's programme, which is now being drawn up, will be the extensive land grants to the peasants on easy terms of payment. The government officials are convinced that the programme will be acceptable to the peasants who will thus be alienated from the revolutionaries.

The Minister of Marine has sent telegraphic orders to the commanders of Russian warships in foreign ports ordering them to return to Kronstadt on account of the serious unrest existing among the sailors.

The government has issued an appeal through the semi-official organ, the Rossia, calling upon the people to use their good sense and help the authorities to put down all disorders. The article continues: "The government is powerless to restore order unless it has the support of the public. The public must choose between assisting a liberal government or committing suicide in a whirlwind of revolution.

At a meeting of the leaders of the various organizations of workingmen held here last night the conservative or extreme "Right" member of the constitutional democratic party were declared to be traitors for acting in conjunction with the government. The workingmen took the ground that no loyal Russian will do anything to assist the Stolypin regime. The labor leaders also decided to urge their followers the abstain from the use of spirits in order to reduce the government's income, as a heavy tax is levied on all liquors.

The censorship on foreign newspapers brought into the country has been reestablished by the authorities. The purpose of the order against outside papers is to prevent the news they contain in regard to the Russian situation from reaching the people.

Information has reached the Minister of the Interior to the effect that extensive agrarian uprisings have begun in the governments of Moscow and Tver. The authorities are arresting socialists and revolutionaries in the endeavor to quell the disturbances. Over 600 arrests have already been made

The Viborg manifesto adopted by the douma after its dissolution with its keynote "not a kopec to the throne or a soldier to the army," is beginning to reach the people throughout the country and its effect is already noticeable. Advices received today show that in several villages where the manifesto has been distributed through revolutionary under-ground channels, the people have voted to refuse to pay taxes as the douma advised. The action has been taken quietly, but the villagers have shown that they are determined to abide by their pledge. The calm spirit of the people has been shown in that while hoping to thus oppose the government at its weakest point, the villagers have made provision to take care of their own public needs without depending upon taxes. The local schools, hospitals, and other public institutions will be supported by voluntary contributions. In a few of the villages where the manifesto has been circulated no notice has been taken of the document. But these villages are the exception and not the rule.

Rockefeller Under Bond.

Findley, O, July 27—John D. Rockefeller is under bond to appear before the court of Hancock county September 4 and face trial by jury. His attorney, James O. Troup, of Bowling Green, who appeared before Judge Banker, a few days ago and secured permission to enter his appearance, again appeared before Judge Banker late yesterday and filed a bond for $15,000. Troup agreed with Judge Banker that his client would appear in person September 4, to answer the charges preferred against him. It is the intention of county prosecuting attorney David to impanel a jury for that date and proceed at once to the trial. The attorneys for the Standard Oil Company have filed a motion to quash the information filed by David, and brought as their grounds that the information is had through duplication, that the affidavits are not sufficient, and that an information is not the proper means by which to bring the matter before the court, but that it must be by indictment before a grand jury.

Affairs at Oyster Bay.

Oyster Bay, N. Y., July 27.—President Roosevelt is holding conferences this afternoon with E. E. Clark, the lately appointed Interstate Commerce Commissioner; Robert Bacon, Assistant Secretary of State, and Gen Thomas H. Parry, Assistant Chief of Staff of the army. All the visitors came in shortly after noon, and were entertained by the President at luncheon.

Mr. Clark's mission, it is understood is to consult with the President about the administration of the new railroad rate law. Mr. Bacon's call, it is said at the executive office, is mainly of a personal nature. General Barry has a number of army matters to take up with the executive.

Amazed at All They Saw.

New York, July 27.—The Gaekwar of Baroda, with the Maharanee and his suite, left the United States on the White Star liner Cedric, today, amazed at what he saw in this country. The Grekwar said that in the weeks of their stay they had covered an immense area of country from Texas to Minnesota and from Boston to Seattle. They had visited Chicago, Denver, San Francisco, Portland, Seattle, St. Paul, and the other big towns in the West, and the entire suite was returning with lofty ideas of what the country has accomplished. "We were amazed at what we saw at every point of our travels," he said.

Deadlock in Convention.

Raleigh, N. C., July 27.—The sixth district congressional convention at Fayetteville, N. C, after having been in session all night and taking over 300 fruitless ballots, is in session again today making a continued effort to settle upon a nominee. State Senator Joseph A. Brown leads in the balloting, with Congressman Patterson, a close second this morning. Cook, of Cumberland, has been withdrawn, so there are only three candidates now being balloted for, the third man being Goodwin, of Harnett.

Employees to Share Profits.

Boston, July 27.—James L. Richardson, president of the Boston & Consolidated Gas Company has announced a plan of employes' profit sharing adopted by the directors of the company to be effective during the year that began June 30, and thereafter. The scheme which is said to have been in successful operation with one of the London gas companies, sets aside $50,000 to be paid out during the coming year from the surplus earnings to faithful employes at the discretion of the executive committee, though no employe will be on the fortunate list unless he shall be capable faithful, and temperate. The distribution will benefit all employes who have serve one year, even the office boys, excepting the president and vice president. It is to be made on the sliding scale basis, though the exact details have not yet been perfected, and are to be announced in the near future. The idea of the directors is to take about 75 per cent. of the most efficient employes of the company, irrespective of the amount of wages earned, and pay them at the end of the year seven per cent. of the amount of their wages, being the same per centage as the stockholders receive on the stock in dividends. It is expected that the company will distribute to its employes during the year ending June 30, 1907, $75,000.

Class Line in Iowa Circle.

Washington, D. C., July 27.—Because the millionaires and members of the embassies and legations in the vicinity objected to "the common people" sitting in Iowa Circle, Colonel Bromwell, superintendent of public buildings and grounds, has ordered that the benches be moved. The famous Cavalry Band from Fort Meyer plays there once a week during the summer, and it has been the habit of a good many middle-class folks to sit around and listen. From this time on it will be a promenade concert only. The foreigners and American rich of the neighborhood say they are much annoyed by the sights and sounds in the little park. The plain Americans are "sassing back" and it will be interesting to see whether the benches are put back or not.

Nine Years Old Boy A Babe in Arms.

Harrisburg, Pa., July 27.—A 9-year-old boy, whose development was arrested when 18 months old, just as he was beginning to walk and talk, was a "case" at the Harrisburg Hospital today. The boy's name is Ivan Imler, and he resides in Middletown with his grandmother, who brought him to the hospital for treatment. She carried him in her arms, for he is no bigger than an infant. She said that for the first eighteen months of his life he was bright and growing like other infants, but suddenly his growth, physical and mental, ceased and he has remained as he was ever since. Hospital surgeons say it is one of the strangest cases ever called to their attention although a 45 years-old "baby" died in England recently. The grandmother treated the boy as if he were the veriest infant,

Chicken Eating Frog.

Flemington, N. J., July 27.—William Lennard, a farmer living near Flemington, has just solved the mystery surrounding the disappearance of eighteen of his chickens, and as a result a large pet bull frog has been banished from his premises.

For three years the frog has been permitted to live in his garden, but yesterday his frogship was discovered attacking a chicken. When the frog was placed in an improvised pen with another small chicken it leaped quickly, captured the chicken and devoured it.

Stork Makes Twenty-first Call.

New York, July 27.—All McDonough street, in the Stuyvesant Heights section, was in a state of great excitement yesterday. The news had spread that the stork had paid his twenty-first call at the home of Emanuel Leudesdorff, at No. 414 McDonough street, and left a girl. The Leudesdorffs celebrated their silver wedding last year. They had to hire a hall. All the little Leudesdorffs were there. There are seventeen children living—nine girls and eight boys. The children were all born singly.

Estimates for British Navy.

London, July 27.—The House of Commons today took up the consideration of the naval estimates to vote on the proposition of the government to reduce the original programme by laying down only three battleships of the Dreadnaught class, instead of four; two ocean-going topedo boat destroyers instead of five, and eight submarines instead of twelve. This reduction will result in a saving of £2,500,000.

Three Hundred Killed.

Tangier, Morocco, July 27.—A serious engagement has occurred between the forces under the pretender to the Moroccan throne, Bu Hamara, and the Sultan's forces near Muluya. The fighting continued for twenty-four hours and resulted in the pretender being defeated. Three hundred of the participants were killed and many were injured.

Strike Adjusted.

Helsingfors, Finland, July 27.—The strike of police officers here has been temporarily adjusted through the efforts of a commission appointed by the governor to confer with the strikers. The policemen demanded the resignation of their chief and that they should be paid higher wages. The strike was brought about by socialist agitators.

County Assessor Waylaid.

I. W. Coulter, of Leslie S. D., Assessor of Stanley County, relates the following: "I was waylaid by a complication of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. Relief came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed by E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

Train Wrecked.

Springfield, Mo., July 27.—More than a score of persons were injured, some fatally, in the wreck of a westbound St. Louis and San Francisco passenger train last night near here. The wreck was caused by a defective switch. Three coaches passed over in safety, but the fourth left the track and turned over. This coach contained about 60 passengers, and all of them suffered injuries. Two sleeping cars did not leave the rails.

Execution of Negro Murderer.

Louisville, Ky., July 27.—Cornelius Johnson, colored, was hanged in the jail here this morning. As the trap fell the negro prisoners in at the jail windows chanted a mournful African dirge. Johnson met death without concern Johnson shot and killed Honorah Kiser, a white saloon keeper, near this city, because Kiser put him out of his saloon. Kiser's wife died of grief over her husband's death.

New York Stock Market.

New York, July 27.—The room was full of buying orders at the opening and for a good part of the first hour, material gains were made in practically everything on the list The heaviest trading was in United States Steel Common, opening at 36½ and advanced to 39. Steel preferred at the same time rose to about 108 against 105½ at the close yesterday. It is generally understood that the statement to be issued at Tuesday's meeting wil show the heaviest earnings on record. Heavy profit taking sales carried reactions extending to about one point in the more active stocks, but the buying continued good, and upward movement was resumed in the last few minutes.

Alexandria Day at Luna Park.

Many people have signified their intention of visiting Luna Park, on Monday next, Alexandria Day. There will be special attractions on the occasion and an enjoyable time is anticipated. A certain per-centage of the proceeds of the gate admission as well as those from the different features on the ground will be devoted to the Alexandria Hospital. The movement naturally appeals to Alexandrians who justly recognize the service the hospital is rendering to the community. Luna Park has proven a decided success as a pleasure resort, large crowds visiting it day and night. It will be made doubly interesting on Monday, and it is hoped that the committee having Alexandria Day in charge will be encouraged in their labors in the interest of one of Alexandria's cherished institutions.

At a meeting of Osceola Tribe of Red Men, held last night, forty members signified their intention to participate with the Alexandria Light Infantry in the reproduction of "Custer's Massacre," at Luna Park, Monday evening, at 7 o'clock. A ball game has been arranged between the Old Dominions and the Invincibles for Monday afternoon, at 3:30 o'clock. All children visiting the park during the day will be chaperoned by the ladies' committee.

Deaths.

Mr. William A. Padgett, a resident of this city, son of Mr. E E. Padgett, and who was employed in the Treasury Department in Washington, and who for several years past had been detailed as special messenger to carry the President's salary to him, died yesterday at the Georgetown University Hospital, Washington. The deceased was 38 years old.

Mrs. Edward Monroe died yesterday morning at her residence, near Franconia, Fairfax county, a short distance below this city. She is survived by her husband and several children. The funeral took place today.

John Hawkins, an old and respected colored resident, died in Washington yesterday. The funeral will take place on Sunday afternoon. Harmony Lodge of Odd Fellows of this city will attend. The deceased was for many years employed at Mr. G. Wm. Ramsay's grocery store.

Rear-end Collision.

There was a rear-end collision between two north bound freight trains at Weyburn, between Somerset and Barbourville, on the Charlottesville and Rapidan division of the Southern Railway, about 3 o'clock this morning. Train No. 72, a double-header, had stopped at Weyburn when the second section came along and ran into it. The engine of the colliding train was seriously damaged and several cars of No. 72 demolished. The cars were loaded with peaches and the fruit was scattered over the tracks. Several of the members of the crews of the trains were more or less injured, but none seriously. A wrecking train was sent to the scene and the track was soon cleared.

Decision Reserved.

Arguments of counsel on the report of Special Commissioner Eugene B Taylor in the chancery suit of J. P. Agnew & Co. against the Jackson-Phillips Brick Company were heard before Judge Nicol of the Circuit Court in this city yesterday. The arguments were not concluded until nearly 7 o'clock last night. The decision of Judge Nicol was withheld, and he ordered the papers to be sent to him at Manassas. The plaintiffs were represented by Attorneys James R. and H. B. Caton and Francis J. Smith. Attorneys J. K. M. Norton and Gardner L. Boothe, of Alexandria, and Malcolm Hutty, of Washington, appeared for the defendant.

Probable Murder.

The authorities of Alexandria county believe that Fred Mills, a negro who was found dead on the line of the Old Dominion electric railroad, near Rosslyn, Monday night, with his skull crushed and a stab wound in his neck, was the victim of foul play. Acting on this theory they are endeavoring to identify the murderer. While the coroner's jury at the inquest Wednesday released the two negroes under arrest on suspicion of having killed Miles, the jurors expressed the belief that Miles met death by violence, and this has caused the authorities to redouble their efforts to learn the identity of the persons responsible for the negro's death.

Cargo of Ice.

The schooner Kreger, laden with 1,800 tons of ice, consigned to the American Ice Company, arrived at Washington yesterday evening. Two barges loaded with between 4,000 and 5,000 tons of ice will arrive in Washington in the next few days, while other barges are being loaded in Maine for this city.

The four-masted schooner Henry S. Little, with 1,200 tons of ice to the Mutual Ice Company, arrived last night. The schooner passed in the capes at 6 o'clock Wednesday evening.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Erwin Williams, colored, arrested by Lieutenant Smith and Officer Sherwood charged with assaulting and beating Patrick Foley, forfeited his collateral by failing to appear.

Two white men and a woman, arrested by Officer Lyle charged with disorderly conduct, were dismissed.

To Give Receipts in Full.

A street huckster, who has a number of outstanding bills against his customers which he has been unable to collect, has announced his determination to give the delinquents receipts in full of their indebtedness. Previous to which, however, he will write the names of such with the amounts they owe in chalk upon his wagon and drive through the city in order that all may see what he is doing.

V. M. I. Report.

The report of the Virginia Military Institute investigating committee, of which State Senator Machen is a member has been made public. The committee found that the dismissal of certain cadets last year for insubordination was fully warranted. In regard to the action of the corps is going beyond the limits and going in a body to Lexington the committee are of the opinion that the action of the corps was a violation of the regulations, yet the committee are aware that strong provocation existed for the out break on account of the character of the food furnished the cadets. The committee found that the food conditions at the institute during the latter part of the session of 1904-05 were far from satisfactorily. The committee reports that a number of the rooms in the institute were overcrowded and that there should not be over three in a room. The committee report that they found the gymnasium well appointed; the bath rooms dark and poorly ventilated; the class rooms well equipped; the hospitals are antequated constructure not adequately supplied with surgical facilities, but was neatly kept; the kitchen was cramped and not well furnished with utensils; the bakery too small; the electric light supply insufficient; the treasurer's office in good condition and accounts well kept and that the most cordial relations exist between the Superintendent and the Board of Visitors. The report concludes by stating that the unfortunate conditions which created dissatisfaction in the fall of 1905 have practically been removed and the various needs of the institute are being made as rapidly as possible. It is the belief of the committee that the criticisms of the institution have been silenced.

Mayor's Proclamation.

BY THE MAYOR OF THE CITY OF ALEXANDRIA, VIRGINIA.—A PROCLAMATION.

In compliance with an act of the City Council in regular session Tuesday, July 24, 1906, I, Fred. J. Paff, Mayor of the city of Alexandria, Va., do hereby proclaim a part of Monday July 30th, 1906, beginning at 3 p. m a legal holiday in our city.

The object of this proclamation is to give our citizens an opportunity to assist in the very laudable cause of raising funds for the Alexandria Hospital a grand institution in which we are all interested and pardonably proud.

Wherefore, I do recommend that the part of the day above designated be observed throughout the city as fully as is consistent with good business policy, and that the people ceasing from their daily labors hie themselves to Luna Park the management of which has designated this as Alexandria Day, and entered into an agreement whereby the aforesaid institution will be greatly benefited.

In witness whereof I have hereunto set my hand, and caused the seal of the City to be affixed.

Done at the city of Alexandria, Va., this twenty-sixth day of July, nineteen hundred and six. FRED J. PAFF, Mayor.

Suicide of Young Man and Young Woman

Grievously disappointed because their parents would not permit them to marry, Gustave Kathke, aged nineteen years, and Ella Miller, a beautiful girl of eighteen, committed suicide together some time Tuesday night by jumping into the Delaware river at Philadelphia. Last night the bodies of the young couple, clasped in each other's arms, came to the surface.

Kathke and the girl had been missing since Tuesday, when they left their homes to visit friends in another part of the city. He had been paying attention to the young woman for about four years and was anxious to make her his wife. The parents of both, however, objected because of their youthfulness, and these objections caused the young couple much sorrow. The young woman had often spoken of ending her life if not permitted to marry, but little attention was paid to her remarks.

Before leaving home on Tuesday, Kathke told a cousin he was going out for a launch ride on the Delaware river with Miss Miller. He was in good spirits, apparently, and told the relative that if anything should happen to him not to let the coroner bury him. He told the cousin, jokingly, to have crape on the front door and lay a bunch of eighteen roses on his coffin.

The young man and woman failed to return to their homes that night, and the next day they were reported to the police as missing. The morning mail of Wednesday brought a letter to the girl's mother, in which the daughter said the mother would never see her again.

Nothing more was heard of the couple until last night when the churning of the propeller of a tugboat which was tying up at the Chestnut street wharf, Philadelphia, caused the bodies to come to the surface. From the way the arms were clasped about each other it it supposed that Kathke and Miss Miller embraced and jumped into the river.

AN ORDINANCE empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power by electricity.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That the Mayor of this city be, and he is hereby, empowered and instructed to execute a contract with Edward E. Mandeville, his successors or assigns, which said contract shall provide that the said Edward E. Mandeville, his successors or assigns, in consideration of the bid made by him for the electric lighting franchise in this city, and of the covenants of said city, to be contained in said contract, as hereinafter set forth, shall furnish to the City Council of Alexandria for a term of thirty (30) years, commencing within twelve (12) months from the approval of this ordinance by the Mayor of the City of Alexandria, eighty five (85) arc lights, and such additional arc lights as the City Council of Alexandria may from time to time order for the unexpired port on or portions of said thirty (30) year period, and the necessary electric current therefor, all of which arc lights so furnished shall be the latest type enclosed alternating arcs of 2,0 0 candle power (said candle power to be maintained throughout the term of said contract), which lights may be used by the City Council of Alexandria all night and every night from sunset to sunrise, for the purpose of lighting the streets of the City of Alexandria, at the price of seventy-five (75) dollars per light per annum for the first ten (10) years of said term, which sum, the City Council shall covenant and agree to pay monthly on or before the fifteenth day of each month; at the same rate for the next ten (10) years of said term of thirty (30) years if said rate at the expiration of the said first ten (10) years be satisfactory both to the City Council of Alexandria and to the said Edward E. Mandeville, his successors or assigns. If, however, at the end of the first ten (10) years either party is dissatisfied with said rate, and the parties cannot forthwith agree upon some other rate for the next ensuing ten (10) years, the party dissatisfied may, within sixty (60) days prior the expiration of the said first ten (10) years, and upon thirty (30) days' notice in writing to the other party, call for an arbitration, and the rate for the second ten (10) years of said term shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said Edward E. Mandeville, his successors or assigns, and the third (in case of a disagreement by said arbitrators) by the two so appointed; or in the event of the two being unable within twenty (20) days after the date of the appointment of whichever of the two was last appointed, to agree upon a rate, or failing that, to agree upon a third arbitrator, the third arbitrator shall be appointed by the then Judge of the Sixteenth Judicial Circuit of the State of Virginia, and the determination as to rate of a majority of the three so chosen shall be binding upon the parties hereto, their successors or assigns, during the second ten (10) years of said term. Any expense incurred for the compensation of said arbitrators shall be borne by the said Edward E. Mandeville, his successors or assigns, and said City Council of Alexandria equally.

If, at the end of the second ten (10) years of said term either party is dissatisfied with the rate then prevailing under said contract, and the parties cannot forthwith agree upon some other rate for the third ten (10) years of said term, then the rate shall be fixed by an arbitration to be had in like manner and at like expense as above provided for, the arbitration to be had at the expiration of the first ten (10) years of said term, and the determination as to rate of the arbitrators so chosen shall be binding upon the parties hereto, their successors or assigns, during the third ten (10) years of said term.

The City Council of Alexandria shall agree to pay monthly for all lights used by it during each of said ten (10) year periods, at the same time and in the same manner as hereinbefore agreed for the first ten years of said term.

The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, in consideration of the award to him or them of the electric lighting franchise, and in further consideration of the agreement as above set forth, shall furnish electric current for light, heat and power to all consumers in the City of Alexandria who will pay for the same monthly at a price not to exceed twelve (12) cents net per kilowatt for the first kilowatt and seven (7) cents net per kilowatt hour for each succeeding kilowatt.

The said Edward E. Mandeville, his successors or assigns, shall further agree in said contract to pay to the City Council of Alexandria the sum of five thousand (5,000) dollars in full for the franchise, rights and privileges granted them, within ten (10) days after the execution and delivery of said contract, and shall also agree to pay the further sum of thirty-five hundred (3,500) dollars in full for all wires, poles, machinery and equipment of the existing electric light plant of the city within ten (10) days after a written notification by the said Edward E. Mandeville, his successors or assigns, that he, or they, are ready to furnish the city with lights for street lighting purposes, as above set forth, provided always that said City Council of Alexandria shall then make, or shall theretofore have made full delivery to the said Edward E. Mandeville, his successors or assigns, of said wires, poles, machinery and equipment. If delivery of the said wires, poles, machinery and equipment is delayed by reason of any judicial process or proceeding, the payment of thirty-five hundred (3,500) dollars for said wires, poles, machinery and equipment as aforesaid shall not be made until actual delivery.

The said contract shall further provide that in case of delay by judicial proceeding or process in the delivery of the wires, poles, machinery and equipment as aforesaid that nevertheless and notwithstanding, the said Edward E. Mandeville, his successors or assigns, shall have the right to use such poles and wires as he or his successors or assigns may deem necessary for their use and purposes.

The said contract shall provide further that said Edward E. Mandeville, his successors or assigns, shall furnish current to the Alexandria Light Infantry armory, Alexandria Hospital and all churches within the City limits for light, heat and power at a discount of fifty (50) per cent from the regular price herein named.

The said contract shall provide that if the city limits are at any time extended, that this contract and every part thereof shall apply to all territory added during the continuance of this franchise and contract.

The said contract shall provide that the City Council of Alexandria, in consideration of the sum of thirty-five hundred (3,500) dollars, to be paid as above set forth, will sell and deliver to the said Edward E. Mandeville, his successors or assigns, the poles, wires, machinery and equipment of the existing electric light plant of the City Council of Alexandria. The power-house and equipment therein contained are not to be used by the said Edward E. Mandeville, his successors or assigns, in the city of Alexandria. From and after the delivery of the said poles, wires, machinery and equipment of the existing electric light plant of the city to the said Edward E. Mandeville, his successors or assigns, the said Edward E. Mandeville, his successors or assigns, shall furnish to the City Council of Alexandria, eighty-five (85) arc lights and the necessary electric current therefor, as aforesaid described, for street lighting purposes, for the sum of seventy-five (75) dollars per light per annum.

The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, shall, in case the City Council desires for use on the streets incandescent lamps (in addition to the arc lamps), furnish the same and the necessary electric current therefor, at sixteen dollars and fifty cents. (16.50) per lamp per annum for a 25 candle power street lamp, and nineteen dollars and fifty cents (19.50) per lamp per annum for a 32 candle power street lamp, all city lamps and all renewals of the same for incandescent street lighting purposes to be furnished free of charge to the city.

The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, shall furnish free to consumers all renewals of incandescent lamps.

The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, shall within twelve (12) months from the approval of this ordinance by the Mayor of the City of Alexandria, erect within the corporate limits of the City of Alexandria a modern up-to date power-house, plant and street equipment, to cost approximately $75,000.00 to $100,000.00, which said plant shall be capable of furnishing light, heat and power to all consumers in the City of Alexandria, and which said plant shall, if necessary, be run day and night for the purpose of furnishing light, heat and power to all consumers in the City of Alexandria.

The said contract shall also provide that said Edward E. Mandeville, his successors or assigns, shall furnish electric current for one (1) incandescent lamp for each gas burner now in Police Headquarters, Fire Department Houses, Corporation Court and Clerk's Office, and all buildings hereafter erected for the Fire Department, free of charge.

The said contract shall also provide that a pro rata rebate shall be made for any and all street light which shall be out of service for a period of one (1) hour.

Section 2. The said Edward E. Mandeville, his successors or assigns, shall execute a bond, to be approved by a majority of the Finance Committee of the City Council of Alexandria in the penalty of ten thousand (10,000) dollars, conditioned for the faithful performance of the said contract, which said bond shall be executed within thirty (30) days after said contract is signed by the Mayor of the City of Alexandria.
